

Doors that will floor you

Fenesta Doors - get the edge over traditional doors.

Fenesta 
Better by Design

India's No.1 Windows & Doors Brand

Fenesta is a part of DCM Shriram, the 129-year old leading business conglomerate with turnover of 7,771 crores. Acknowledged for its transparent work culture and diversity, the integrated business entity's values have inspired trust and built long-term relationships with stakeholders in India and abroad.

India's No.1 brand for windows & doors was launched in 2002. Fenesta is the only company in India that manufactures its own uPVC blend and profiles. No other company in the country draws from world-class infrastructure or has complete control over the entire supply chain of window manufacturing and installation. It takes all-round expertise in extrusion, design, planning, fabrication, delivery and installation to produce high performance, world-class doors.

Fenesta

A name that millions trust

Our Vision

To improve the lives and homes of customers through Innovation and Excellence and be the brand leader in Customised Building Solutions.

Our Mission

To establish a service organisation that passionately provides Customised Building Solutions and delivers Exceptional Customer Experience.

World's Finest Doors for India's Finest Homes

Fenesta is the No.1 brand in Windows & Doors and is known for unique innovations that enhance your lifestyle and offer solutions par excellence.

A home is where the heart lies. What's a home without the warmth of your living space and family? Fenesta thereby brings to you doors that transform your house to homes. Based on unique innovative solutions, our doors enhance your lifestyle.

In a time pressed lifestyle when you are too busy to get into the hassles of construction or maintenance at home, Fenesta comes to your rescue. We help you create an abode that pleases your eyes, calms your mind and exudes positivity. Our factory made doors are professionally installed at your place without having you run around for carpenter, painting or accessories. With one year warranty, durability, and smooth to operate doors, your busy life is sorted without bothers of repair or maintenance. Fenesta clearly is meant to suit your lifestyle.

Traditional Doors, losing **Relevance** in modern times

WOODEN DOORS ARE OUTDATED. SO IS THE PROCESS OF MAKING THEM.

The process of making a traditional wooden door is pretty complicated. The biggest hindrance is lack of quality or standard pricing. To add to the trouble are the hassles of back and forth of middlemen and the lengthy process involved in installation.

MULTIPLE STAGES AND VENDORS ARE INVOLVED IN THE CYCLE:

DOORS ARE PRONE TO THE FOLLOWING PROBLEMS AT LATER STAGES:

Fenesta Doors: **A Cut Above**

Fenesta doors are made of a special hybrid polymer. They are composite materials made of wood fibre and thermoplasts replacing traditional material, hence making them environment friendly. Hybrid Polymer are very sturdy and makes the doors resistant to termite, water, moisture absorption, fire and wear & tear of weather.

Unlike the old-style traditional doors, Fenesta doors are low maintenance, superior quality and last longer.

Fenesta gains an advantage over traditional doors as they are:

**Made of
hybrid polymer**

**Professional
installation**

**Negligible
maintenance**

**Offers strength
& stability**

**Water & termite
resistant**

**1 Year
warranty**

Impact resistant

Fire retardant

Warp resistant
